International Journal of Technical Vocational and Engineering Technology (iJTvET)

e-ISSN2710-7094, Vol.6 No.1 (2025)

The Cultural Visual Elements Significance of Malaysian Spice Powder Packaging Design 1

Politeknik Tun Syed Nasir Students Perception On Chemistry Education Application 12

Utilizing Chitosan Extracted From Shrimp Byproducts As A Bio-Coagulant For Treating Oily Waste Emulsions 20

Experimental Speed Control of DC Shunt Motor Using Field Control Method via MATLAB Simulink 31

Developing Carbon Monoxide Gas Detectors In Vehicle Cabins 40

Batch Adsorption of Manganese (II) Ions Using Fruit Peels: Equilibrium and Kinetic Studies 48

The Effectiveness of Game-Based Learning: HRM Monopoly among Business Students at Politeknik Muadzam Shah 57

Performance And Durability Enhanced Composite Nanomaterial Membrane For Fuel Cell Applications 66

Enhancing Sensory Appeal and Consumer Acceptance of Cookies Through Fig-Based Natural Sweeteners 76

Physicochemical Properties And Formulation Screening Of Rabbit Soy Patty Using Plackett-Burman Design Method 85

Do You Prefer Virtual Tourism (VT)? The Use of Minecraft in Developing Titania Virtual Theme Park 93

Evaluating the Usability of the *TrackMyStaff* Mobile Application for Efficient Staff Movement Tracking 101

Physicochemical Analysis of Cookies Enriched With Sugar Cane Bagasse Fibre 109

Fabrication of Biodegradable Mango-Banana Waste Planting Bag: A Sustainable Alternative to Polyethylene 115
